

Pre IVF/ICSI consultation

Preparation for your IVF/ICSI treatment involves a consultation with a specialist fertility nurse, the IVF/ICSI process will be explained and consents for treatment will be signed. Both partners must attend this consult.

The final organisational details including dates for treatment will be decided at this visit. It is vital that you read all documents provided by the medical secretary following your Doctor consultation carefully and follow the instructions. Make a note of any questions you would like answered at this nurse consultation.

Failure to complete the required tests and preparations for your nurse consultation may delay your access to appropriate treatment and result in additional appointments and costs.

Should you have any queries related to your appointment or the information provided, please call the medical secretary on 01 6635000 or email info@merrionfertility.ie
