

Treatments & Services Price List

Reception: +353 1 556 7900

At Merrion Fertility Clinic, we are conscious of the high fertility treatment and IVF costs in Ireland. As we are a 'Not for Profit' organisation, we try to keep our costs to a minimum but, unfortunately, fertility treatment is expensive and the clinic has to earn an excess of income over expenditure in order to invest in research, technologies and to fund our sister charity Merrion Fertility Foundation, which funds treatment cycles for patients who meet certain clinical and financial criteria.

Payment can be made by:

- Via the Patient Portal
- Using the 'Payment' button on www.merrionfertility.ie
- Debit & Credit Card
- Cheque & Bank Draft
- Cash

MFC Payments

A deposit of **€500** is required to secure treatment cycles, with the balance falling due on the day of the baseline scan.

Please note:

- Tax Relief: Please visit revenue.ie for information on claiming tax relief on Medical Expenses.
- A booking deposit is required to secure your Doctor Consultation at Merrion Fertility Clinic
- Cycles may need to be cancelled for medical reasons at any stage of treatment. In such cases, a refund will apply, more detail on this is available on our treatment fee agreements

Merrion Fertility Clinic Bank Transfer Details

Bank Name:	Bank of Ireland
Address:	Lower Baggot St, Dublin 2
IBAN:	IE55 BOFI 9014 9041 2677 56
SWIFT:	BOFIE2D
Payment reference:	PID number

First Step Fertility Package

This includes the following full package:

€500

Planning and coordination of Semen Analysis

Ultrasound scan

AMH blood test

Rubella blood test

Consultation with a Fertility Doctor

You will be invoiced separately for all of these investigations and your consultation will be given at a reduced rate. Blood tests will be invoiced by Merrion Diagnostic Laboratory Services (MDLS).

This package is only available to new patients if all of the above tests are requested and completed at Merrion Fertility Clinic prior to the initial consultation. Patients that have had fertility treatment previously cannot avail of this package. Any tests requested by the doctor outside of this package will incur additional costs and do not fall under the First Step Fertility Check criteria.

Reception: +353 1 556 7900
